2024 FIRE DISTRICT BUDGET MESSAGE & ANALYSIS

Florence Township FD No. 1

FISCAL YEAR: January 1, 2024 to December 31, 2024

Answer all questions below using the space provided. Do not attach answers as a separate document.

1. When is the Fire District's annual election? (February and/or November)	November
If November, was the resolution submitted to the Division?	Yes

2. Complete a brief statement on the 2024 proposed Annual Budget and make comparison to the 2023 adopted budget.

Florence Township Fire District No. 1 is submitting a responsible budget meeting the needs of the residents and taxpayers of Florence Township. The 7.2% increase reflects an increase in salary and wages from contractual increases and increase in compensation for per-diem Emergency Medical Technicians.

3. Explain any variances over +/-10% for each line item. Attach in FAST any supporting documentation that will help to explain reason for the increase/decrease in the budgeted line item.

The amount to be raised by taxation has increased due to addressing shortages of Emergency Medical Technicians, increased operational costs, increase in insurance premiums and personnel contractual costs.
Administration costs have increased; however, this is a direct need to ensure the department's administrative duties and obligations. Administrative office costs have increased and with more staffing there is a need to upgrade administrative office supplies and furniture. The increase in other assets is due to accommodate needed upgrading of office equipment that is beyond its life expectancy. Professional services has increased due to incurred increased costs associated with employee background and psych exams. The operating budget has increased due to costs associated with fuel, utilities, personnel benefits, insurance, and equipment. Yearly maintenance cost, replacement parts, and replacement of older equipment have increased this line item. The current budget reflects the need to replace aging building systems as the department's fire station is 18 years old and systems in the building are the original equipment when the building was constructed. Finally, the Township is assisting the department to purchase a compressor to fill the fire department air tanks needed for firefighter operations at fires and HAZ-MAT incidents. Health Care Insurance Increases due to hiring eight additional full-time positions and several employees changing their plans. Administrative fringe benefits costs decreased due to not having healthcare liability for the administrative assistant. The increase in the use of the Fund Balance was to offset costs to the taxpayer. Other Revenue increases due to the EMS Division performing EMS training to other agencies. EMS billing revenue has increased due to increase in EMS billing charges we have adjusted in 2023.

4. Complete a brief statement on the impact the proposed Annual Budget will have on the Amount to be Raised by Taxation, the use of the Restricted and Unrestricted Fund Balance(s) and how they are complying with the Property Tax Levy Cap. If Unrestricted Fund Balance is reduced by more than 10%, explain the projected impact on the following year's budget.

The fire district plans to use $ 300,000 from the fund balance to offset a fire tax increase. The impact will decrease the impact on the taxpayer a still enable the district to have fund balance to address any emergency financial situation that may occur.

7. Complete a brief statement on the Annual Budget's proposed capital appropriations including debt service for the proposed budget year and for future years.

The annual maintenance and repair costs for this ambulance are over $ 12,000. The repair time has caused the ambulance to be out of service for periods of time leaving the district with only one ambulance, causing the fire district to be out of compliance with the NJ Department of Health EMS requirements.
Capital Project number two is for a Command/Support Vehicle to replace a 2012 used police vehicle the district obtained after the police department retired the vehicle with 105,000 miles. The vehicle currently has 162,000 miles. The annual maintenance and repair costs for this vehicle have exceeded $ 9,000. The vehicle will be used by command and support staff to respond to emergency incidents, to transport firefighters to training, community education in schools, enforcement of the NJ Fire Code and emergency medical assignments.
